No 6th & 7th period classes were the most enjoyable & doubtless were the best classes of the day. Perhaps by then I had gotten myself back "into the swing of things". The students had a good time & so did I.

Ran into Mr. Krantz, the graphic arts teacher, and he was very friendly; asked if DWP could do it again (his photography lecture) at Lakeland. I said that I'm sure he could and would.

Ran into Paul Obelkevich in the hall; we had a pleasant but (from SRP's perspective) a very distanced conversation -- Paul still owes me \$26 and he knows that he does.

During my "lunch hour" at Lakeland today, I sat at the typewriter in the faculty room and wrote the Yepon article for next week's News.

A very satisfying day indeed. At 7:15 PM I was awakened by "the call" and the next thing I knew it was 2:45 P.M. and the day was over at Lakeland. The next time that I go to Lakeland, I will perhaps take my camera with me and take a photograph here and a photograph there. Also, I will probably eat lunch in the cafeteria with the students.

No pleasure of substitute teaching as many. I love being around all that youthful energy and passion. I very much enjoy watching teenagers do battle with "Le Monde" -- as I watch them I hear in my own mind "Oa Lied vonder Erde" and the pleasure is re-doubled.

Next Tuesday and Wednesday will be the proverbial "piece of cake" after my day at Lakeland today. Lakeland has a reputation of being a "tough" place and yet the students were no problem at all for SRP. If you let them know that you are interested in them / are interested in teaching them / have respect for them and their needs, they will invariably fall into place.

This is the man who gave Jean Colville, Joe Pascoe & SRP a tour of the Reynolds building on Salem Avenue on 09-27-1984 at 3:30 P.M. It would make a wonderful headquarters for the CHS+M, but we can not afford the \$50,000.00.
